## OTUA GROUP, VALUE-ADDED RECYCLING OF METALS

As leaders in metal recycling at a European level, we search for comprehensive solutions which allow us to offer high quality raw materials that are ready to be reused.

## VISION

### THE SUSTAINABLE FUTURE IS ALREADY HERE

For the OTUA GROUP, the future depends on sustainability. It is for this reason that we work arduously to improve the process which allow us to achieve zero environmental impact.

OUR CHALLENGE:  
TO IMPROVE THE RECYCLING SECTOR,  
AND THEREBY IMPROVE THE PLANET

## MISION

### ONE STEP AHEAD OF CONVENTIONAL RECYCLING

We offer leading products and services across every one of our corporate divisions: recycling, distribution and research.

Since we began over 40 years ago, our objective has always been to offer the most advanced solutions on the market, prioritising the reparation of our environment.

**OUR OBJECTIVE:  
TO GUARANTEE  
MAXIMUM QUALITY**

## LEADERSHIP

### RESEARCH, INVESTMENT AND COMPREHENSIVE SOLUTIONS

Research and the development of new technology help us to establish ourselves as leaders in the recycling of metals.

Our specialised companies innovate individually and then together to generate synergies capable of finding a solution for any of the sector's needs.

**OUR MAIN PRIORITY:  
TO IMPROVE THE  
VALUE CHAIN**

## SUSTAINABLE DEVELOPMENT

### RECYCLING: THE GREAT ALLY OF OUR PLANET

All companies from Otua Group are committed to caring for the environment within their activity areas. Through the recovery and recycling of materials we are contributing to medium and long-term environmental sustainability.

**FOR US,  
THE FUTURE MEANS  
ZERO IMPACT**
